
POLYMERS IN CONCRETE 1992

Proceedings of the
Second Southern African Conference
presented by
The Research Group for Polymer Concrete
of the
Rand Afrikaans University
in association with the Concrete
Society of Southern Africa

DATES: 23 AND 24 APRIL 1992
Venue: Rand Afrikaans University
Johannesburg
South Afrik

POLYMERS IN CONCRETE 1992

**--- PROCEEDINGS OF THE 2ND SOUTH AFRICAN
CONFERENCE**

EDITED BY DEON KRUGER

PUBLISHED BY THE RAND AFRIKAANS UNIVERSITY, JOHANNESBURG
PRINTED BY AGS PRINTERS, JOHANNESBURG

This volume has been photographically reproduced from the best available copy as supplied by the individual authors. The papers were reviewed for their technical content and editing was restricted to matters of format, general organization and certain retyping.

The editor accepts no responsibility for the accuracy, completeness or usefulness of the information disclosed in this publication and readers are referred to the individual authors for permission to reprint or otherwise use information from their papers.

CONTENTS

PREFACE SPONSORS

PAPER 1: Prof D.W. Fowler, USA
The State of the Art of Polymer Concrete.

PAPER 2: Prof Y. Ohama, Japan
Current Research and Development of Polymer Concrete in Japan.

PAPER 3: Mr C. Moodley, RSA
Furan Resin Polymer Concrete in South Africa.

PAPER 4: Prof R. Sikora, Poland.
Results of the Simulation Investigation of the Static Strength of Polymer Adhesive Joints.

PAPER 5: Mr J. Raymond, England.
Key World Trends - Resin Concrete.

PAPER 6: Mr R. Kreis, Germany.
Production Facilities of Polymer Concrete and Mortar.

PAPER 7: Prof G. Tsitelauri, Russia.
The Use of Organic Additives for Preparing Concretes.

PAPER 8: Mr N. Egbuomwan, England.
Plasticrete - A Potential Material for Quantitative Repair of Concrete Members.

PAPER 9: Mr M. Hardman, RSA.
Polymer Concrete - Repair and Rehabilitation of Portland Cement Concrete.

PAPER 10: Mr. D. Kock, RSA.
Polypropylene Fibres in Concrete.

PAPER 11: Prof A. Ali-Zadeh, Azerbaijan.
Calculation of Durable Stability of Polymer Concrete Constructions.

PAPER 12: Dr A. Vroom, Canada.
Sulphur Polymer Concrete and its Application.

PAPER 13: Mr D. Matthews, Australia.
Precast Polymer Concrete in the Building Industry.

PAPER 14: Mr R. Olinga, Holland.
Polyurethanes Systems for the Sealing and Repair of Cracks and Joints in Concrete Systems.

PAPER 15: Dr M. Gunasekeran, USA.
Polymer Concrete: A Versatile Structural/Insulating Material for AC/DC Power Transmission Applications.

PAPER 16: Mr M. Poortvliet, RSA.
The Applications and Advantages of Redispersible Powders in Cement Mortars.

PAPER 17: Mr H.J. Boneti, Brazil.
Polymer Concrete: Experiences of a Brazilian Manufacturer with Applications in the Electric Power Industry.

PAPER 18: Prof Chen Zhi Yaun.
Paper to follow.

PAPER 19: Mr D. Kruger, RSA.
Polymer Concrete in South Africa: Now and the Road Ahead.

PAPER 20: Mr J.T. Dikeou, USA.
US and Other Specifications and Standards for Polymer Concretes.

PAPER 21: Prof D.W. Fowler, USA.
Polymer Concrete Floor and Bridge Deck Overlays.

PAPER 22: Mr A.P. Nikiforov, Ukraine.
Polymer-Bearing Cement Compounds:
Development and Usage in Ukraine's
Civil Engineering.
