

ICPIC
POLYMERS IN CONCRETE

**INTERNATIONAL ICPIC WORKSHOP
ON POLYMERS IN CONCRETE
for
CENTRAL EUROPE**

PROCEEDINGS

Proceedings of the International ICPIC Workshop on Polymers in Concrete
Bled, Slovenia, 10. - 12. September 1996

Edited by: Andrej Zajc
IRMA Institute for Research in Materials and Applications
Ljubljana, Slovenia

CONTENS

Preface	5
---------	---

GENERAL LECTURES

Introduction to Concrete Polymer Materials <i>J.T.Dikeou</i>	13
US & World Applications <i>D.W.Fowler</i>	17
Central European Applications <i>A.Zajc</i>	23
The Newest Development in Concrete -Polymer Composites in Japan <i>Y.Ohama</i>	25

POLYMER CONCRETE SESSION

Polymer Concrete Material, Properties and Application <i>D.W.Fowler</i>	37
Polymer Concrete Design and Specifications <i>J.T.Dikeou</i>	47
Protection of Concrete with Sealing Compounds <i>G.W.DePuy</i>	53

POLYMER MODIFIED CONCRETE SESSION

Polymer Modified Concrete - Properties and Applications <i>G.W.DePuy</i>	63
Polymers in High Performance Concrete <i>J.Šušteršič</i>	69

INDUSTRIAL APPLICATIONS

Production Facilities of Polymer Concrete and Mortar <i>R.Kreis</i>	77
Industrial Floors Impregnation and Repair of Concrete <i>P.Seidler</i>	83
Acid Resistant Polymer Modified Concrete for Industrial Floors <i>J.G.Cabrera and A. M. Makhtar</i>	95
Polymer Modified Precast Concrete - Applications in Slovenia <i>J.Korla</i>	109

CONCRETE REPAIR

The Repair of Corrosion Damaged Concrete <i>B. Staynes</i>	119
A Contractors View Poit of External Strengthening of Existing Structures <i>M.A.Murray</i>	129
The Potential Use of Polymer Concrete in the Long Term Storage of Low Level Radioactive Nuclear Wastes <i>R.C.Prusinski</i>	133
Polyurethane Systems for the Sealing and Repair of Cracks and Joints in Concrete Structures <i>R.Olinga</i>	137
Polymer Modified Cement Mortar Overlays and Patches <i>V.Ukrainczyk</i>	143

CASE HISTORIES SESSION

Use of PMC and PC in Repair of Some Concrete Structures in Slovenia <i>I.Leskovar</i>	153
Highway and Industrial Floor Foundation Repair and Consolidation <i>D.VanGemert, A.Beeldens</i>	161
